Cost grant for the construction of 2½ Rcc bunds at Davangere the allotment under "50- Civil Works" in the current year's Budget As the allotment for the Davangere city improvement is only Rs 50 000/ during this year, there appears to be no possibility of enhancing the grant to Rs 60 000/ as recommended by the Corporation, over the Budget Section at the Financial Department may however offer its opinion on this point.

5) The grant for the additional Rcc bunds was sanctioned in the early part of last year on the municipal Council and the Corporation had taken speedy and immediate action there would have been accepts to pass through the preliminaries and Commence the work before the end of the official year when the A G also would not have objected to adopt the old method called for as a necessary measure The Council also rejected the first set of tenders as they were not opened by the Corporation in their presence The Recommendation of the Council on the Re tender was also not accepted by the Govt as there was Complaint from Sri Basappa, the other competing Contractor against the procedure adopted by the municipal Council in this case and fresh tenders have been ordered to be called for.

Govt Grant for the Construction of 2nd R.C.C Tank at Dharmapuri

Grant of Rs 60,000/- which is half the estimated amount viz Rs 1,20,000/-

This year, a sum of Rs 50,000/- earmarked for town improvement has been ordered to be given to this work, in view of urgency

As a Result of this order, the M.C.M have represented that Rs 50,000/- was required for improvement works in the city area and that this allotment of Rs 50,000/- for R.C.C tank has prevented the City M.C.M from taking up other improvement works in the city

14) Taking all these into Consideration, it is suggested that a sum of Rs 10,000/- to make up Rs 60,000/- granted last year has to be Provided as an additional sum

Respected Sir,

With reference to our personal discussion with you on several points pertaining to this Municipality, I write to submit that as explained to you, this Municipality has taken up large number of improvement works When your Goodself visited this City, these have been pointed out to you in the Address presented by the Municipal Council and you were gracious enough to promise that you would give a City Improvement Grant of Rs 50,000/- To our surprise, this grant of Rs 50,000/- has been year marked towards Government Quota for the construction of R C C Tank, thereby depriving this Municipality from the usual City Improvement Grant This has caused a great hardship in the execution of the various City Improvement Works taken up by this Municipality I request you therefore that Rs 50,000/- may be allotted to this City Municipality for City Improvement Works apart from Rs 50,000/- that has been sanctioned for the construction of the R C C Tank
